

EXHIBIT 8

SUPPLEMENTAL DECLARATION OF PLAINTIFF RANDY FRAZIER

I, Randy Frazier, pursuant to 28 U.S.C. § 1746, declare as follows:

1. My name is Randy Frazier.
2. I am a 66-year-old resident of Tulsa, Oklahoma.
3. When I was unable to pay court debt on old criminal and traffic cases in Tulsa County, I had warrants issued for my arrest several years ago.
4. During that time, Aberdeen (the debt-collection company) called me, my wife, and my daughter threatening my arrest because I could not pay Aberdeen.
5. As far as I know, those arrest warrants are still active. I looked at the public court docket and I still see the arrest warrants there, and nobody has told me the warrants have been repealed.
6. My sole form of income is social security disability payments that I receive as a result of suffering a mini stroke, and I cannot afford to pay to have my arrest warrants removed.
7. Because of those arrest warrants, me and my wife live in constant fear that anytime I leave my house, I will be arrested and my family will not be able to afford to pay to have me released from jail.
8. This fear seriously affects the quality of our life. I avoid leaving the house as much as possible, and cannot leave town to visit my family. As such, I have missed out on important family events and time with my grandchildren.
9. I became aware that Tulsa County was hosting an arrest warrant expungement event, but was too afraid to go in case I got arrested when I went.

I declare under penalty of perjury that this declaration is true and correct.

Executed on July 29, 2024.
